MINISTRY OF FOREIGN AFFAIRS AND EMIGRANTS
OF THE LEBANESE REPUBLIC

وزارة الخارجية والمغتربين

Beirut, Lebanon

The Republic of Lebanon is a Middle Eastern country situated along the Mediterranean Sea, bordered by Syria to the North and East and Israel to the South. Lebanon gained independence from France in 1943 and has developed a unique national identity shaped by its Phoenician heritage, Arab culture, Mediterranean geography, and religious diversity. Despite enduring civil war, political instability, foreign intervention, and economic collapse, Lebanon remains committed to preserving its independence, protecting its diverse society, and maintaining its position as a sovereign state in the international community.

POLICY OBJECTIVES OF THE LEBANESE REPUBLIC

1. **Lebanese Territorial Integrity and Sovereignty:** Lebanon demands the complete withdrawal of Israeli forces from all Lebanese territory and an end to violations of its sovereignty. We support internationally mediated negotiations, the full implementation of UN Security Council Resolution 1701, and international pressure to ensure a lasting cessation of hostilities.
2. **Hezbollah Disarmament and Restoration of State Authority:** Lebanon believes that the authority to determine matters of war and peace must belong exclusively to the Lebanese government and its legitimate armed forces. We will strengthen the Lebanese Armed Forces, pursue the gradual disarmament of non-state armed groups, and seek international financial and military assistance to establish the government's exclusive authority throughout the country.
3. **United Nations Peacekeeping:** Lebanon considers continued international involvement essential to maintaining stability along its southern border. Lebanon is committed to strengthening its military presence and cooperation with international peacekeepers.
4. **Syrian Refugee Crisis and Regional Stability:** Lebanon seeks international assistance in addressing the economic, social, and security pressures created by hosting a substantial Syrian refugee population. Lebanon is committed to maintaining border security and humanitarian protections.
5. **Economic Recovery, International Investment, and Reconstruction:** Lebanon seeks assistance from the International Monetary Fund, World Bank, European Union, and international partners to rejuvenate the economy, restore public confidence, attract foreign investment, and finance reconstruction.
